

# Drain-Rooter PH™

Automatic Feed

*With power cable feed and guide hose.*

Equipped with a variable speed Power Cable Feed and variable speed motor, the Drain-Rooter PH makes drain cleaning jobs cleaner and easier. Quickly clear sinks, tubs and laundry drains.

The Drain-Rooter PH feeds and retrieves the cable at up to 16 feet per minute. A four-foot guide hose eliminates cable whipping, dirty fixtures and messy floors, and the need to hold a rotating cable in your hands.

And the cage speed can be varied by changing the pressure on the foot pedal, making it easier to thread the boring head through strainers. Cage capacity is 50 feet of 5/16" or 35 ft. of 3/8" Flexicore® cable. The Drain-Rooter PH is a real labor-saver on long jobs or when working in a cramped area where the weight of the machine could get burdensome. It can be operated in both horizontal and vertical positions to get closer to the drain opening.

## Power Cable Feed

The power cable feed is a real labor saver. It enables you to vary feeding speed in and out of the line and gives you better control when working tough stoppages.

## Specifications:

### Motor:

22 lbs. (10 kg) (without cable).

### Dimensions:

22" deep x 13-1/2" wide x 15" high (without hose)  
(56 cm x 34 cm x 38 cm).

### Cage:

Heavy gauge stamped aluminum back with wire cage.

### Capacity:

50 ft. of 1/4" or 5/16" cable; 35 ft. of 3/8" cable. All cables are left hand wound and reinforced with a wire rope center.

### Power Feed Cable:

Drives 1/4", 5/16" and 3/8" cables.

### Motor:

All ball-bearing, double insulated, reversible motor with speed control; 0-400 rpm, 230 and 240 volts available.

### Foot Pedal:

Pneumatic foot pedal controls variable speed motor. Leaves operator's hands free to control cable.

### Cutter Set:

See Cutters & Cables.
