

# Rodrunner®

## Self-Feeds Reinforced Sectional Cables

The Rodrunner offers all the features that contractors like in a sectional sewer cleaner – light weight, high speed cable rotation, and short, quick-coupling cables.

### Two Way Operation

Set the Rodrunner up close to the drain opening, or on easier jobs where you have some working room, you can run the machine “lawn-mower” fashion, standing behind the machine.

For close-up work, the wheel brake is set, the power switch is placed next to the machine as a foot switch, and the cable guide hose is attached. Now, the Rodrunner is ready to handle the toughest stoppages in 3-10" lines, as far as 200 feet away.

A heavy-duty 3/4 hp motor with capacitor and overload protection spins cable at 485 rpm, an ideal speed for self-feeding into the line while protecting the cable against sudden torque build-ups. For additional protection, the Rodrunner has an adjustable slip clutch, factory set at 18 – 20 ft. lbs.

An optional set of jaws (R-R10AD) enables the Rodrunner to drive 15 ft. x 7/8" (15R10) cables to clear smaller lines.

### Specifications:

**Weight:** 90 lbs. (41 kg).

#### Dimensions:

22" wide x 19" high with handle folded down (56 cm x 48 cm).

#### Motor:

Heavy-duty 3/4 hp with capacitor and 20 ft. power cord rotates cables at 485 rpm. Optional 1 hp motor rotates cables at 400 rpm. Equipped with Ground Fault Circuit Interrupter.

**Wheels:** 10" rear wheels, 5" caster wheel.

**Wheel Brake:** Locks rear wheels in place or releases them in an instant.

#### Combination Hand or Foot Operated Power Switch:

Air activated for safety; no electrical connection between motor and switch; can be used as hand or foot switch. 11 foot air hose.

**Twin V-Belts:** For better power transmission.

#### Safety Clutch:

An adjustable spring-loaded clutch is mounted at the rear of the cable drive shaft. Accessible without removing machine housing.

**Chuck Handle:** Clamps on cable or acts as “dead-man’s throttle”.

#### Cable Counter:

Manually operated, to record number of cables in line.

**Rear Cable Guide Hose:** To limit cable whipping behind machine.

**Folding Handle:** Reduces truck storage space.

See Cutters & Cables brochure.
