

Handylectric®

Economical Price – Quality Features

The Handylectric is a tough, easy to use tool for cleaning lines up through 3". It can use all of the accessories available for the Super-Vee, except the plastic cartridges.

Cables are gripped securely by a patented Quick-Grip™ chuck that tightens firmly on the cable with just a quarter turn. Three chuck jaws securely hold 1/4", 5/16" and 3/8" Flexicore® cable for a wide range of small-line jobs. Includes a Chuck Tightening Handle for easy tightening, even with slippery hands.

The variable speed control motor lets you start at low speed to eliminate starting "kick". Then run at whatever speed is best for the job.

The large, comfortable Grip Shield makes handling easier. The stamped aluminum drum can't rust or crack and is extremely resistant to dents.

Handylectric Handy-Stand™

5-Piece Cutter Set

For Use Only With Cables Having Connectors
