The Drain-Rooter PH is a real labor-saver on long jobs, or when working in cramped areas where the weight of the machine could be burdensome. Equipped with a variable speed power cable feed and variable speed motor, the Drain-Rooter PH makes drain cleaning jobs cleaner and easier.

It feeds and retrieves the cable at up to 16 feet per minute. A four foot guide hose eliminates cable whipping, dirty fixtures, and messy floors.

The drum speed can be varied by changing the pressure on the foot pedal. The Drain-Rooter PH can be operated in both horizontal and vertical positions to get closer to the drain opening. A quick-change cartridge system allows you to switch to different diameter cables without pulling the old cable out of the drum.

The drum holds up to 50 ft. of 1/4" or 5/16" cable or 35 ft. of 3/8" cable. Units with 3/8" cable include our five piece HECS cutter set. Of course, the cables are super-tough Flexicore® with a wire rope center.

**Specifications:**

**Weight:**
22 lbs. (10 kg).

**Dimensions:**
22" deep x 13-1/2" wide x 15" high (without hose).
(56 cm x 34 cm x 38 cm).

**Drum:**
Heavy gauge stamped aluminum with inner drum to prevent cable tangling.

**Capacity:**
50 ft. of 1/4" or 5/16" cable; 35 ft. of 3/8" cable. All cables are left hand wound and reinforced with a wire rope center.

**Power Cable Feed:**
Variable speed with feed control tube.

**Cutter Set:** See page 30.

**Motor:**
All ball-bearing, double insulated, reversible motor with speed control; 0-500 rpm. 230 and 240 volt units available.

**Foot Pedal:**
Pneumatic foot pedal controls variable speed motor.
Leaves operator’s hands free to control cable.
