

Maxi-Rooter®

Big Capacity Root Cutting Power

Scan to see webpage

The Maxi-Rooter combines root cutting power and big capacity in a surprisingly portable machine. A heavy-duty 3/4 hp motor with capacitor start and overload protection drives a drum that can hold 125 ft. of 3/4" cable or 150 ft. of 5/8" cable. The frame is a tough aluminum alloy.

Look at the portability that goes with that power and capacity. The Maxi-Rooter rolls on 10" ball-bearing semi-pneumatic wheels and has V-belt stair climbers for easier transport up and down stairs.

A truck loading wheel mounted on the handle is almost like having another person helping you when you lift the machine into a truck.

Maxi-Rooter's variable speed power cable feed not only drives the cable into the line but has the pulling power to retract it, even on long, tough runs. Without reversing the cable rotation, you can instantly alter feeding speed to match the resistance in the line. Chew into stoppages as slowly as one inch per minute and retract the cable as quickly as twenty feet per minute.

The Maxi-Rooter has a surprisingly slim 23" profile that lets you work in some very tight spots. You can get the machine through just about any door you're likely to run into, with room to spare.

“ The Maxi-Rooter is built like a tank. It's a really beefy machine you can throw around and don't have to worry about it breaking down. ”

A. Pederson's Plumbing

Narrow Profile

Surprisingly slim 23" profile lets you get the machine through just about any door you're likely to run into, with room to spare.

Lifting Handles

For easy truck loading, tip the Maxi-Rooter on its loading wheel, then lift and slide into the truck using lift handle on front leg of machine.

Key Features

- Clears roots and heavy stoppages in 3" to 10" lines.
- Holds 125 ft. of 3/4" or 150 ft. of 5/8" Flexicore® Cable.
- Powerful 3/4 hp motor drives cable up to 200 ft. down the line.
- Variable speed Power Cable Feed drives or retrieves cable at up to 20 ft./min.
- Includes stair climbers, truck loading wheel, and built-in tool box.
- Flexicore® wire rope core cables for greater strength and durability.
