

Easy-Rooter Junior™

A rugged machine for 2" to 3" and most 4" lines.

The Easy Rooter Junior drives up to 100 feet of 1/2" Flexicore® cable to clear 2", 3" and most 4" drain lines.

A patented chuck secures the cable during operation. With a just a quarter turn, the chuck tightens firmly on the cable to secure it while the Easy Rooter Junior drives the cable into the line. It's faster and easier to use than a thumb screw.

The reinforced powder coated steel frame is built to take heavy duty use and abuse. A special "roll bar" protects the motor when loading the machine into car trunk. The machine rolls easily to and from the job on 10" ball bearing wheels. And a passive wheel brake locks the machine in position on the job.

A folding handle quickly locks in place, making it much easier to roll to the job, without sacrificing the compact size needed for easy loading in a car trunk.

Power is supplied by a 1/3 hp capacitor motor with thermal overload protection. Standard safety features include an air actuated foot pedal, ground fault circuit interrupter, safety slip clutch, and instructional video.

Patented Chuck

A chuck secures the cable during operation. With a just a quarter turn, the chuck tightens firmly on the cable. It's faster and easier to use than a thumb screw.

Folding Handle

Handle folds to take less space in car trunk.

Reverse Switch

A momentary contact reverse switch protects the cable by preventing the operator from running the machine in reverse for more than a few seconds at a time.

Specifications:

Weight: 65 lbs. without cable. (29 kg).

Cage Capacity: 100 ft. x 1/2" Flexicore Wire Rope Center Cable.

Motor: 1/3 hp heavy duty, capacitor start, thermal overload protection, Forward/Off/Reverse Switch.

Safety Slip Clutch: Protects cable and operator.

Foot Pedal: Uses air pressure, so there's no electrical contact between pedal and motor.

Flexicore Cable: Heavy gauge wire coiled tightly around 49-strand aircraft-type wire rope and heat treated.

Power Cord: 20 ft., 3-wire; equipped with ground fault circuit interrupter.

Wheels: 10" Semi-pneumatic tires, with roller bearings.

Leather Gloves: With double-reinforced palm, for hand protection when guiding cable.

Cutter Set: Arrow Head, 1-1/2" U-Cutter, 2" U-Cutter and Retrieving Tool. Others available. See Cutters & Cables.

Instructional Video Included.
